SUMMARY

Front-End Developer and ICT student at Fontys University of Applied Sciences, building responsive, component-based web and mobile apps with React, TypeScript and React Native, backed by Node.js, C# / ASP.NET Core and SQL. Led front-end development and UI/UX design for real clients (OpenRemote, Visio), validated designs through user testing, and led a 6-person Agile/Scrum team. Certified by Meta in front-end development and seeking a Junior Front-End or Full-Stack Developer role or internship.

TECHNICAL SKILLS

Front-End	React, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Vite, React Router, Responsive Design
Mobile	React Native, Expo (Android, iOS, web), Expo Router, Bluetooth Low Energy (BLE), three.js / React Three Fiber
Back-End & Data	Node.js, Express, C#, ASP.NET Core (MVC, Razor Pages, Blazor), Python (Flask), REST APIs, PostgreSQL, SQL Server
Design & Tools	Figma (UI/UX, prototyping), user testing, Git, GitHub, GitLab, npm, VS Code, Visual Studio, Vercel, Agile/Scrum
AI & Other	Google Gemini API, prompt engineering, MCP / AI agents, C++ (ESP32, Arduino), Unity, Godot

PROJECT EXPERIENCE

Front-End Lead & UI/UX Designer - OurGrid **Sep 2025 - Feb 2026**

Client: OpenRemote (IoT energy platform), worked directly with the CEO | Fontys University team project

- Led React front-end development of a web app that explains grid congestion to residents and municipalities.
- Designed both user flows in Figma and validated the UX in test sessions with students and coaches before building them.
- Built two role-based dashboards with Recharts load charts and a Leaflet map; top contributor (100+ commits).

Stack: React, Vite, Tailwind CSS, React Router, Recharts, Leaflet, Framer Motion, Express, Figma

App Developer & Designer - Visiobal **Feb 2026 - Jun 2026**

Client: Visio (support for blind and visually impaired children) | Fontys University team project

- Designed and built the Expo / TypeScript companion app for an audio ball that visually impaired children find by sound.
- Made the ball fully controllable over Bluetooth Low Energy: scanning, one persistent connection, track switching and volume.
- Added a 3D model of the ball (three.js), light and dark themes and five languages; co-developed the ESP32 firmware in C++.

Stack: Expo, React Native, TypeScript, react-native-ble-plx, three.js, Reanimated, ESP32, C++, FreeRTOS

Full-Stack Developer - DevMatch (AI job assistant) **Feb 2026 - Present**

Personal project | github.com/Vladi397/devmatch

- Built a cross-platform Expo app and a typed Node.js / Express / Prisma REST API on PostgreSQL with JWT authentication.
- Integrated the Adzuna and Remotive job APIs and the Gemini API to score resumes against listings and write cover letters.
- Batch-scored up to 25 jobs in a single AI request (3-5 s) behind an instant on-device estimate, with retry and back-off on overload.

Stack: Expo, React Native, TypeScript, Node.js, Express, Prisma, PostgreSQL, Gemini API, JWT

Team Lead & Full-Stack Developer - Fit Fusion **Feb 2025 - Jun 2025**

Fontys University team project

- Elected by peers to lead a 6-person Agile/Scrum team; ran sprint planning for a gamified health platform (steps grow a virtual pet).
- Built the C# ASP.NET Core Razor Pages front-end, integrated it with the Unity game, and designed the characters and UI in Figma.

EDUCATION

Bachelor of ICT (Open Learning) - Fontys University of Applied Sciences, Eindhoven **Sep 2024 - Present**

Software Engineering, Smart Media and UI/UX; challenge-based learning with real clients.

High School Diploma, Electronic Trade - Professional High School of Economics, Pernik, Bulgaria **2019 - 2024**

CERTIFICATIONS

Meta Front-End Developer (Coursera), 2023 - 2024: Introduction to Front-End Development, Programming with JavaScript, Version Control, HTML and CSS in Depth, React Basics, Advanced React.

ADDITIONAL INFORMATION

Languages: English (C1, IELTS), Bulgarian (native), Dutch (A1, learning) | **Availability:** 32+ hours/week | **Driving licence:** B
Interests: Competitive kickboxing (4 years, multiple medals), gym, swimming, football
