SKILLS:

- Front-End Development: React.js, Tailwind CSS, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Blazor.
- Back-End & Logic: C#, ASP.NET Core MVC, Razor Pages, REST APIs, SQL (MySQL, MS SQL Server).
- Design: Figma (UI/UX), Game Design (Unity, Godot), Responsive Web Design.
- Tools: Visual Studio (IDE), VS Code, Git (Bash/Hub/Lab), Trello, Agile/Scrum.

LANGUAGES:

- English: Fluent (C1 - IELTS Certified).
- Bulgarian: Native.
- Dutch: Beginner (A1 - Currently learning).

AVAILABILITY:

- 32+ hours/week (Mon-Wed, Fri-Sun).
- Driving License: B.

PROFILE:

Driven and creative ICT student at Fontys Eindhoven (Open Learning) with a strong specialization in Front-End Development and Design. I combine technical skills in React, Tailwind, and C# with a disciplined mindset developed through years of competitive sports. Recognized by peers as a natural team lead who takes ownership of projects. Currently seeking a Junior Developer position where I can apply my skills in a professional Dutch environment.

PROJECT EXPERIENCE:

OurGrid (Client: OpenRemote) Front-End Lead & UI/UX Designer | Sep 2025 – Present

- Stakeholders: Collaborated with the CEO & team to visualize grid congestion data.
- Role: Led React development & Figma design to translate IoT data into a user-friendly UI.
- Outcome: Built a validated split-view dashboard for municipalities and residents.

Fit Fusion Team Lead & Full Stack Developer | Feb 2025 – June 2025

- Leadership: Selected by peers to lead a 6-person Agile team.
- Tech Stack: Built a gamified health platform using C#, Razor Pages, and Unity.
- Responsibility: Coordinated sprint planning and Unity-Web integration.

EDUCATION:

Bachelor ICT (Open Learning) Fontys University | Sep 2024 – Present

- Focus: Software Engineering, Smart Media, UI/UX.
- Method: Challenge-based learning with real stakeholders.

High School Diploma HS of Economics, Pernik | 2019 – 2024

- Focus: Electronic Trade & Web Basics.

CERTIFICATIONS:

Meta Front-End Developer Professional Certificate | Issued 2023 by Meta (Coursera)

- Comprehensive training in Advanced React, Version Control (Git), and UI/UX principles.

INTERESTS & ACHIEVEMENTS:

- Competitive Kickboxing (4 Years): Multiple medals. Training under a strict coach taught me discipline, punctuality, and resilience under pressure.
- Fitness & Sports: Active in gym training, swimming, and football.
- Tech Enthusiast: Lifelong passion for software and gaming, which sparked my interest in coding at a young age.
